TO: Rebecca A. Humphries, Director

INFORMATION: Natural Resources Commission

SUBJECT: Special Fishing Regulations for Spring Mill Pond, Island Lake Recreation Area, Livingston County (FO-236) – FOR INFORMATION ONLY

Authority:

The Natural Resources and Environmental Protection Act, 1994 PA 451, as amended, authorizes the Director to provide for better protection and preservation of fish, game and birds.

Discussion and Background:

The attached order pertains to special fishing regulations in Spring Mill Pond, Island Lake Recreation Area, Livingston County. This order regulates a specialized fishery that has been in place for several years. This is a long-standing, well understood and very successful fishing program. The Island Lake Recreation Area personnel are very supportive – as are the anglers who use Spring Mill Pond. The stocking and fishing of this pond has been a good use of excess broodstock trout from our hatchery program.

The program is well received by the angling public and Parks and Recreation staff that interact with the angling public. It is recommended that this regulation be renewed.
